

BAND GUIDELINES

This is a comprehensive guide to performing at Hedsor House as part of a musical act. If you have additional questions please speak with a member of the team. On the day, the Duty Manager is here to help and guide you as needed.

ARRIVAL

On arrival at Hedsor please contact the Duty Manager. You can pick up the black telephone in the Front Entrance hall or call the mobile 07435 268332.

The Duty manager will show you the space and direct you to the band rooms downstairs.

UNLOADING AND PARKING

You can pull up onto the gravel in front of the house to unload equipment. Please do not block the front doors! Once you have finished unloading please move your cars and/or vans to the very back of the car park.

All equipment should be loaded in through the side door into the Willingdon Bar.

Cases and any equipment not needed throughout your set may be stored in the library. The library is for storage only, and should not be used as a green room.

BAND SPACES

There are two rooms in on the basement level which may be used by the band: the Band Room and the Crew Room. You will have access to these rooms from 3pm unless otherwise agreed. You may use these rooms to warm up, get changed and relax between sets.

Tea, coffee and a kettle are available in the Band Room. Please note we do not have any cooking facilities on site, so any food must be brought in or organised with the couple.

Please leave the band rooms as tidy as you found them.

If the couple are providing you with a supplier meal, this will be served to you in the band room unless otherwise agreed.

YOUR PERFORMANCE

All music must finish before midnight (unless the couple have booked a late extension).

You must provide your own extension leads for your performance.

Please ensure that all equipment has a mat underneath to protect our floors. We do have a large black mat available in the cupboard under the staircase in the Staircase Hall.

If the couple is organising a stage for your act, it is a good idea to connect with their production company regarding measurement requirements.

If you have been booked to perform outside, you must only play acoustically and should speak with the couple about arranging suitable shade covering if required.
