

CHILDREN AT HEDSOR

Children are always welcome at Hedsor House, and we have suitable facilities to accommodate them here.

FACILITIES

There are suitable baby changing facilities on the ground floor of Hedsor, and bottles may be warmed in our microwave on request. If you need any assistance, the Duty Manager on the day will be able to help. If you have lots of children to look after, we recommend hiring a nanny service for your wedding. It enables you to relax knowing the children are in safe hands and the special activities allow them to enjoy their day even more. We have a recommended childcare service on our Preferred Supplier List.

OVERNIGHT GUESTS

On top of your 26 overnight adult guests, you may bring three additional children who can use our two occasional beds and one travel cot. The travel cot is suitable for children under 2 years olds, and the occasional beds are suitable for 2-12 year olds. Additional beds fit perfectly in The Lilliput Suite.

There is the option to convert two of our guest bedrooms into twin rooms to accommodate young or teenage children. Additionally, two of our rooms are able to interconnect to their neighbours, creating the perfect family setup for adults plus children. Children aged 15 and under must either be in a room with an adult or in an interconnecting room to an adult.

All amends to the usual sleeping arrangements, such as cots, twin beds or interconnecting rooms, must be made clear on the Rooming List page of your Client Information Sheet. There are drop down options for all applicable room configurations.
