WEDDING PACKAGE COMPARISON

2026

Why choose a wedding package?

Packages are perfect for busy couples who would like the peace of mind to know that all the legwork is done for them in terms of choosing reputable suppliers. Knowing the all-inclusive price for the core elements of your day up front also means it's easier to manage a budget.

This comparison will help you to decide between each of our packages to find the best fit for you as a couple. You are able to add on additional guests to each package, up to our maximum capacity of 150, for an additional cost.

Our wedding packages in a nutshell:

The Darcy is a simple and elegant wedding package for 70 people.

The Augusta is a beautiful wedding package for those looking for a little more luxury for 80 people.

The Florence brings together top-of-the-range suppliers for a wonderfully lavish occasion for 100 people.
